Schedule 0

Proprietary name, strength and pharmaceutical form

Read all of this leaflet carefully because it contains important information for you

Vinceel® is available without a doctor's prescription, for you to treat a mild illness. Nevertheless you still need to use Vinceel® carefully to get the best results from it.

- Keep this leaflet. You may need to read it again.
- Do not share Vinceel® with any other person.
- Ask your pharmacist if you need more information or advice.
- You must see a doctor if your symptoms worsen or do not improve.

1. What Vinceel® contains

 - active substances or any of the other ingredients of Vinceel®
 - plants of the daisy family (Asteraceae)
 - bee venom.

Pregnancy and Breastfeeding

If you are pregnant or breastfeeding your baby while taking this medicine, please consult your doctor, pharmacist or other healthcare professional for advice.

Important information about some of the ingredients of Vinceel®:

Because this product contains ethanol it should not be inhaled and is therefore not recommended in children 6 years and younger. If symptoms persist or worsen you should consult a doctor or healthcare professional.

Using other medicines with Vinceel®:

If you are using other medicines on a regular basis, including complementary or traditional medicines, the use of Vinceel® with these medicines may cause undesirable interactions. Please consult your doctor, pharmacist or other healthcare professional for advice.

4. How to use Vinceel®

Do not share medicines prescribed for you with any other person.

Always use Vinceel® exactly as your doctor has instructed you.

You should check with your doctor or pharmacist if you are unsure.

The usual dose is:

Not recommended for children below 6 years of age.

In general, spray once (1 spray corresponds to 0,132-0,147 ml) 3 times a day.

In acute conditions, spray once every 1/2 to every hour, up to 12 times a day.

If you use more Vinceel® than you should:

Treatment is symptomatic and supportive.

In the event of overdosage, consult your doctor or pharmacist. If neither is available, seek help at the nearest hospital or poison control centre.

If you missed a dose of Vinceel®:

Do not take a double dose to make up for forgotten individual doses.

5. Possible side effects

Vinceel® can have side effects.

In rare cases, hypersensitivity reactions or local allergic reactions (cutaneous inflammation, redness, swelling and pruritus) may occur. In this case use of the product should be discontinued.

Not all side effects reported for Vinceel® are included in this leaflet. Should your general health worsen while taking this medicine, please consult your doctor, pharmacist or other healthcare professional for advice.

If you notice any side effects not mentioned in this leaflet, please inform your doctor or pharmacist.

6. Storing and disposing of Vinceel®

Keep all medicines out of the reach and sight of children.

- Store in a cool (below 25 °C) place.
- Replace cap tightly.

7. Presentation of Vinceel®

Metered spray bottle containing 20 ml of liquid.
